DAY-4 ASSIGNMENT

Submit before next class

Best of luck

* Solve all questions * Make a PDF and submit it * Attend all questions mandatory

Q.1 Write a program that asks the user for their favorite color and prints out a message depending on the color they choose. For example: "Red is a bold color!" or "Blue is a calm color!". Use at least 3 different colors in your program.

Q.2 Write a program that asks the user for a number and prints out whether the number is positive, negative, or zero.

Q.3 Write a program that asks the user for a letter grade (A, B, C, D, or F) and prints out the corresponding GPA. For example, an A should print out as 4.0, a B as 3.0, and so on.

Q.4 Ask 4 ages from user (age1, age2, age3, age4). Print out which age is the youngest.

Q.5 Python Program to Generate a Random Number (take help of google)

NOTES:

1- Take a screenshot of each program you create and make a pdf then upload that link to our excel sheet

2- Make sure to keep the share setting of your google drive to "Anyone can view"

3- All the best coders!

4- For any query, raise your issue at our support number +91 9685832822.
